Sk Soyeb Akhter

Frontend Developer

WORK EXPERIENCE

Jr. Frontend Developer

2022 - 2022

Downpour Consultancy Services

- Developed Employer section for a job portal.
- Developed Admin section for "Finploy" job portal.

Frontend Developer

2021 - 2022

MAKAUT Inhouse, Nadia

I worked in a team of 5 under the department of Forensic Science. Our job was to maintain the already existing websites and develop new websites. Some of my key works are -

- Designed and code a modern looking landing page for the department
- Fixed bugs in contact form and 'add new faculty' form

Freelance Developer

2020

Fiverr

- Developed a working prototype for a french startup.
- Taught an American client web development basics through online classes.
- Build an online checkout system for a small business from Malaysia.
